General information

Outdoor Play - During the day we like to take the opportunity to play outside in different areas of the school. A spare set of clothes is often very helpful should the children need them.

Snack - Children can either bring a healthy snack to school or buy snack via Parentpay.

Reading - Children will take part in daily reading or speech and language sessions either one to one or in a group, both with an adult. The children will be sent home with reading records or activities that can help to develop their communication. Please help your child to practice at home if possible as this makes all the difference.

This term our theme is 'Around The World'

We will be exploring how to develop our listening and concentration. The children will learn through a range of stories and activities, which are all tailored to meet their individual needs and individual development plans.
